1 Opening Remarks

- ▶ Mr Stewart LANE, Chairman of Additive Manufacturing Committee, CECIMO

2 Given the sector's growth, it is important to analyze how AM companies participation and AM related activities have evolved in the manufacturing exhibitions organized at the National level. In the past years, CECIMO national associations have expanded the number of activities organized to increase AM companies' involvement and participation in their fairs and exhibitions.

The CECIMO AM committee meeting will be an opportunity to give an overview of:

- the trade fair activities involving AM,
- present trends,
- national best practices,
- exchange on how to attract more AM industry players in existing exhibitions.

3 Wrap-up by:

- ▶ Mr Stewart LANE, Head of Innovation, CECIMO
